Food Security

Food Pantry & Garden

In FY22, 15,777 individuals of all ages were served including 2,450 first-time customers. 2,103 students and families received TCAA's food boxes at Tempe/Kyrene School sites. When including repeat visits, a total of 36,387 people were fed by this vital program. 19,048 food boxes/bags were provided, containing a total of 621,000 lbs of food – enough to provide 518,113 meals to people in need.

Senior Center Meals

289 older adults and adults with disabilities served at Tempe and Scottsdale senior centers in FY22.

Home Delivered Meals

459 seniors and adults with disabilities received the HDM service in FY22. A total of 76,563 meals and wellness checks were provided during the year.

Survey Results **86%** reported improved access to the food they need and **90%** improved their nutritional intake

"Having these foods available provides a sense of comfort during a time that comfort is short-lived."

*-Luz,
recipient of Senior Food boxes.*

Housing Stability

Community Action Program

5,642 Tempe households received CAP services (an estimated 11,284 adults and children). More than \$13,320,000 was paid towards overdue rent, utility, or mortgage bills.

I-HELP Shelter & Oasis Center

381 adults were sheltered, among which, 300 participated in case management services, and 39 transitioned to housing. More than 6,130 visits from unsheltered persons were made to the Oasis Center, an average of 25 per day.

Survey Results **91%** Worry less about their ability to pay for household expenses

"TCAA is a vital resource for the community and working families such as mine facing unimaginable obstacles and difficulties."

*-Nycole,
Community Action Program customer*

Health & Well-Being

Health Start

The program served 1,435 adults and children from across the East Valley. 113 babies were born to expectant parents, of which, 98% were within healthy birthweights.

Neighbors Helping Neighbors

193 Tempe seniors were served in FY22, among which, 134 received case management services, 186 received non-medical in-home care (rides, friendly visits, help in the home/yard, or pet care), and 1,226 case management interactions were completed.

Survey Results **89%** 89% reported improved quality of life

"I am so thankful that there is a program like Health Start with case workers who educated us on what depression was and encouraged me to get the help I needed. I can honestly say that today I feel like a whole different person. My husband and I are very happy and enjoying every day with our miracle baby after waiting so long for this baby I am finally a mom. I love my life!"

*-Angelica,
Health Start participant*

Economic Empowerment

Financial Success Center

94 adult participants received employment assistance, income supports, and/or financial coaching. The average wage at job placement was \$17.24 per hour. Participants improved their credit scores by an average of 76 points.

Survey Results **90%** improved their knowledge and ability to prevent a future financial crisis
